Add your comments, share your experiences, and help others by contributing to this page. im not really sure if it has anything to do with my laptop being 6 years old, but its a frustrating problem. If you have any knowledge of what's causing this (or how to fix it) help me out. Sony Vaio Vpcs Solutions Partners. Sony Vaio Vpcs Hardware & Drivers Instructions. Everything works fine, wifi and all the other stuff. The "Bluetooth error code" mentioned at the wiki is not really what this error is, it's just a BSOD error for it. Insert the 1.5mm OD ferrules on the end of the cables or a cable into it. Without the left 1.5mm ferrule, the cable will need to be spliced to get it to work. This is a Windows 7 system. I can do one thing, I can check any of the permissions on the folder itself, from the command prompt when logged in as the user. I really want to upgrade, and I'm about to consider canceling my order until I can see what you can do for me. Add your comment to this discussion Print Friendly. Console Error: BTH0.The start of the crash that lasted 4 minutes. When it crashed, the boot loop was shown on the screen and everything was shut down. If you have any experience with this, please help me out! You can read the error logs under "C:\programdata" in the second error: Cdrom 0, Partition 0. I guess that because the "error is not being addressed to a drive in the array". The problem is, I cannot get into BIOS because I have to remove the battery. Choose Configure option and check if the following options are set to the proper status. This option is found in the Device Manager and can be access by click on Advanced Device Manager. Look for the Vaio Tablet service on the Plug and Play tab. Leave No comment. Sony Vaio PCG-61711w Drivers Download One of the files. Error messaging is displayed in dmesg. Completely remove all the drivers from Device Manager. Note that for Windows Vista, the same procedure applies, but under Device Drivers. It states: An error occurred during a request to the local resource provider. The device did not meet the following criteria to be placed into this category: Is the device driver
