## [PI707 V4 Programming Software 13](#)

The screenshot displays a Windows XP desktop environment with several open windows and a taskbar. The desktop background is a blue and orange abstract image. The taskbar shows several icons, including a clock displaying 12:53 AM on 20/09/2009. The CPU-Z window shows an Intel Core 2 Quad Q9650 @ 3.00GHz. The MemSet 4.0 window shows system settings for Intel P45/G45 and fbb/dram 3-4. The IntelBurnTest v1.5.0 Agent GUI window shows a CPU frequency of 4.203 GHz and a number of threads of 4. The Performance Summary window shows a CPU skew of 200 and a CPU GTL of +10 -35 +10 -35. The BIOS window shows the motherboard as ASUSTeK Computer Inc. Maximus II Formula. The system tray shows a clock displaying 16°C and a weather icon for Montevideo.
